“Have always been impressed with the well balanced menu.....We are very thankful to have found Eden Daycare. Our child is very happy to go to ‘school’ each day and loves his teachers and friends. “Before attending Eden Daycare I had visited many daycare facilities in the neighborhood. Most were very proud of their technological advancements and their new facilities while others demonstrated their success with numbers. Eden Daycare took an entirely different approach and impressed me with their approach to providing a safe, clean and happy environment for my child. Asma and Margaret’s orientation and welcome was remarkable while they took their time to answer all my questions about the center. I was apprehensive about going back to work and leaving my child but the transition routine enabled my daughter and I to transition seamlessly into Eden Daycare family. I was impressed how immediately both directors remembered our names which added a personal touch . My daughter has always been a quick learner but most immediately we noticed great improvements in her physical , emotional and social development. Her eagerness to enter the center in the mornings was soothing and the loving nature of her care providers was instantly noticeable. I don’t need a fancy camera to allow me to watch my child remotely because I am a 100% reassured that she is receiving the best care possible at Eden Daycare and by Eden Daycare staff. The website is absolutely true in that “Eden Daycare participates in Raising the Bar in Peel...”“What an amazing place with an amazing team of professionals. Thank you to you all.” : Eden Parent

“My son has been learning a lot and is stretched to great capacity. Eden Daycare is an excellent educational institution! He has become independent and confident in himself. His vocabulary is increasing and his creativity is amazing. He’s almost always happy to attend, and always in a happy mood when we pick him up. Teachers communicate with us both in written and oral forms and are always loving and caring towards my son. I thank God for Eden Daycare.” : Eden Parent

“It was a big adjustment for me having someone else care for my child , however the teachers have been very accommodating, helpful and understanding throughout the transition. He loves coming to daycare and I have full confidence that my child is being cared for very well. Thank you!!!” : Eden Parent

“Am really pleased with the daycare for my son. I love getting his Friday communication book to see what he has been up to. I always welcome more comments about how he does. The only thing I don’t like about the menu is chicken nuggets. That seems like processed food which is not healthy. Everything else is great!!!” : Eden Parent

“We are happy at Eden, particularly with the freedom given to kids to explore, play, and develop independent skills without “hot housing” or pushing them in more academic ways.” : Eden Parent
